INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF ARVIND LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **ARVIND LIMITED** ("the Company"), for the quarter ended June 30, 2022 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

- 8 Pursuant to the approval granted by the Union Cabinet on July 14, 2021 for continuation of Rebate of State and Central Taxes and Levies (RoSCTL) with the same rates (as notified on March 8, 2019) on exports of apparel and made ups, the Company had recognized the benefit of RoSCTL of ₹ 21.56 crores during the quarter ended June 30, 2021. Consequently, the Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a lump sum arrangement thereby resulting in no temporary difference between the accounting position and position as per tax laws upon such future disposal.

Accordingly, the Company has reversed deferred tax liability amounting to ₹ 26.73 crores pertaining to such land parcels in the Statement of Profit and loss during the year ended March 31, 2022.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of Parent's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the parent, subsidiaries and joint ventures as given in the Annexure to this report.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of review reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. We did not review the interim financial results of 12 subsidiaries included in the consolidated unaudited financial results, whose interim financial results reflect total revenues of Rs. 290.13 crores for the quarter ended June 30, 2022, total net profit after tax of Rs. 8.44 crores for the quarter ended June 30, 2022 and total comprehensive income of Rs 8.75 crore for the quarter ended June 30, 2022, as considered in the respective unaudited interim financial results of the entities included in the group. The interim financial results have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of these matters.

7. The consolidated unaudited financial results include the interim financial results of 12 subsidiaries which have not been reviewed by their auditors, whose interim financial results reflect total revenues of Rs. 44.15 crores for the quarter ended June 30, 2022, total profit after tax of Rs. 3.54 crores for the quarter ended June 30, 2022 and total comprehensive income of Rs. 3.76 crores for the quarter ended June 30, 2022, as considered in the statement. The consolidated unaudited financial results also include the Group's share of profit after tax of Rs. 0.32 crores for the quarter ended June 30, 2022 and total comprehensive income of Rs. 0.32 crores for the quarter ended June 30, 2022, as considered in the Statement, in respect of 6 joint ventures, based on their interim financial results which have not been reviewed by their auditors. According to the information and explanations given to us by the Management, these interim financial results are not material to the Group.

Our Conclusion on the Statement is not modified in respect of our reliance on the interim financial results certified by the Management.

5 During the last year ended March 31, 2022 the Parent Company has reassessed the expected manner of recovery of the carrying value of all land parcels and has now determined that a number of such land parcels would not be delinked from the business as they either form an integral part of the business operations or are proximate to the factory premises. Consequently, the Parent Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a slump sale arrangement thereby resulting in no temporary difference between the accounting position and position as per tax laws upon such future disposal.

Accordingly, the Parent Company has reversed deferred tax liability amounting to ₹ 26.73 crores pertaining to such land parcels in the Statement of Profit and loss during the last year ended March 31, 2022.

6 Pursuant to the approval granted by the Union Cabinet on July 14, 2021 for continuation of Rebate of State and Central Taxes and Levies (RoSCTL) with the same rates (as notified on March 8, 2019) on exports of apparel and made ups, the Group had recognized the benefit of RoSCTL of ₹ 23.98 crores during the quarter ended June 30, 2021. The Textiles products that are not covered under the RoSCTL scheme are eligible for benefit under the Remission of Duties and Taxes on Exported Products (RoDTEP) scheme with effect from January 01, 2021. Considering that the rates of RoDTEP were notified on August 17, 2021, the Group had recognized the benefit of RoDTEP of ₹ 29.28 crores during the quarter ended September 30, 2021. PRESS RELEASE

Arvind Limited delivers good performance in Q1 FY23

Ahmedabad, 1st August 2022: Arvind Limited has declared its financial results for the first quarter FY 2023.

- **Q1 FY23 revenues up 64% to ₹2352 crores; Textiles up 68% and AMD up 45%**
- **EBITDA ₹220 crores and PAT (from continuing business and before exceptional item) ₹106 crores**
- **Long Term debt reduced by ₹56 crores during the quarter**

Performance Highlights

Arvind Limited delivered a strong set of results in line with the guidance provided earlier. Revenues from continuing operations stood at ₹2352 crores, EBITDA at ₹220 crores and Profit after Tax (from continuing business and before exceptional item) of ₹106 crores.

Textiles segment grew 68% as result of both volume growth and price realization. Margins continued to be under pressure as input costs remained high and increase in unit price realizations helped offset only the cost increases.

Advanced Materials clocked 45% growth, again resulting from both volume growth as well as increased pricing.

During this quarter, Arvind Limited entered into a definitive agreement to sell its entire shareholding of Arvind Internet to Bigfoot Retail Solutions.

Arvind continued to deliver on its stated objective of reducing Long Term debt, and reduced it by ₹56 crores during this quarter. Arvind Limited closed the quarter at a net debt of ₹1809 crores.

- Both Textile and Advanced Materials posted strong top-line growth given small base in Q1 FY22 which was impacted by Delta variant
- Unit profits were healthy; despite better price realization fabric margin muted due to higher costs and change in mix

Textile revenues grew as a result of volume growth and price increases to offset higher input costs

Denim revenues

- Q1 volume 19.5M m (-1%)
- Realization + 34% driven by higher prices to offset cost impact and currency impact

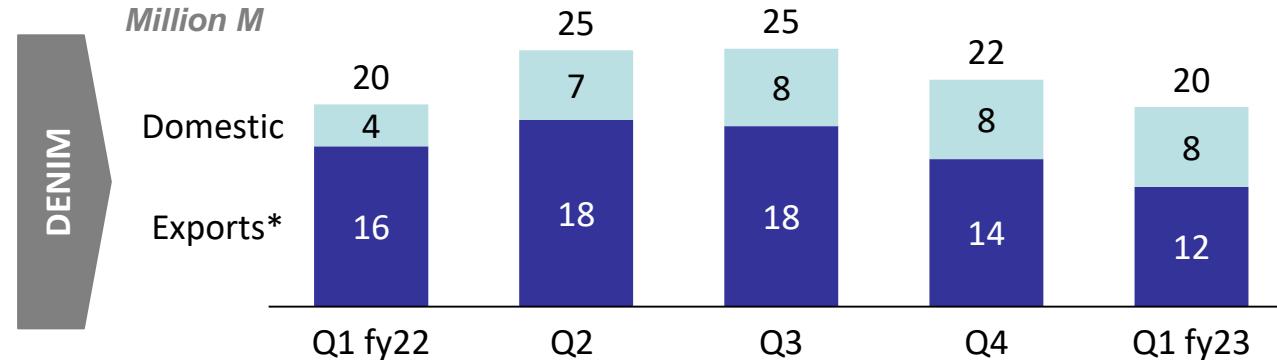

Woven revenues

- Q1 volume 32 M m (+40%)
- Realization +35%

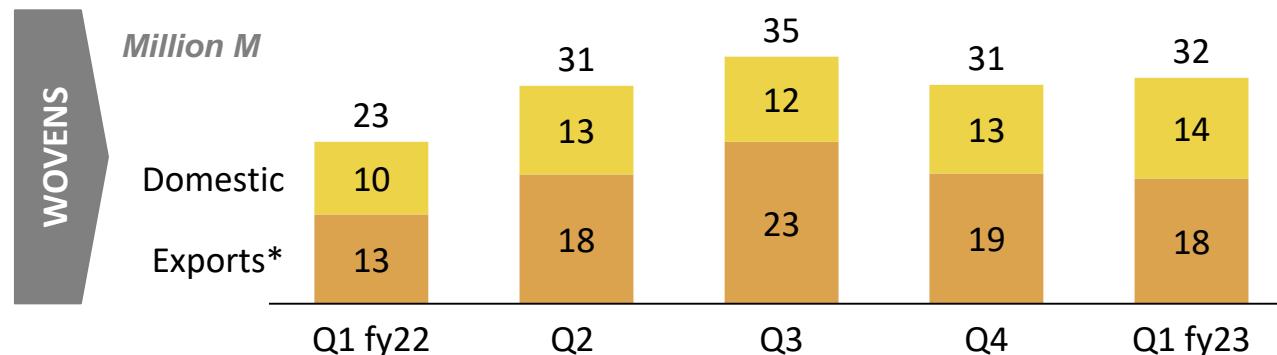

Garments revenues

- Q1 volumes ~10 M pcs (+40%)
- Improved mix and realization

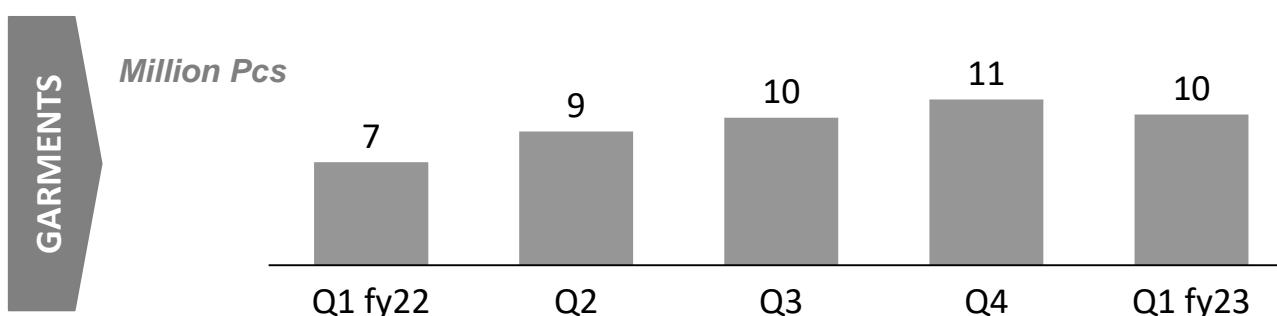

Export volumes softened as brands and retailers brace for imminent slowdown in key markets

- Q2/Q3 FY22 had seen preponed buying of Spring/Summer to minimize impact of shipping delays – and had caused swollen inventory

- Global brands and retailers postponing buying to reduce inventory and prepare for the imminent recession

- Denim continues to bottom-slice to optimize margins

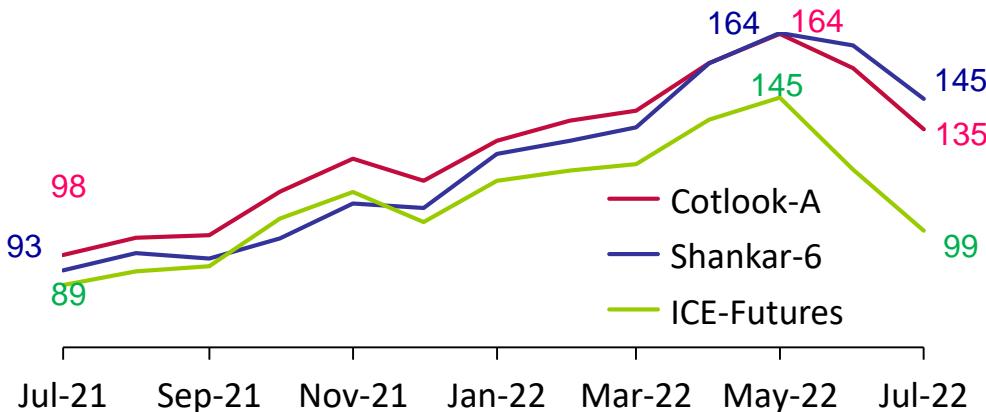

- Garment volume look lower because of higher SMV products in the quarter

* Exports volumes includes sales made to export customers and shipments made to their garment factories in India

Cotton prices have finally started to soften; November deliveries of Shankar-6 being quoted at ~ ₹66k/candy

Cotton prices started correcting rapidly

cents/lbs

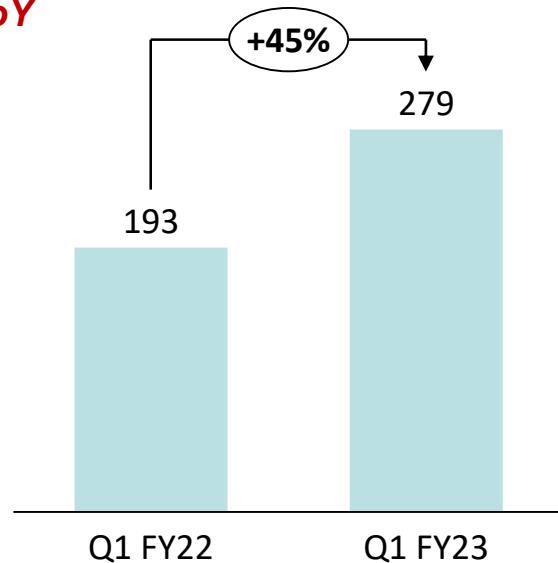

- Inventory correction of FG driving demand softening through the entire cotton value chain
- US crop has been impacted by severe draught; Indian crop expected to be better, though still subject to monsoons
- ICE Futures expected to be range bound between 80-90 cents/lbs as inflation, softer demand balance against weak West Texas crop
- If ICE trades on the lower end, and Indian crop is good, S-6 could price towards ₹60k/candy; in the alternative scenario, it could trade higher towards ₹70k/candy

AMD delivered growth both on YoY and QoQ basis

Financials

Revenues ₹ crs

YoY

Highlights

- All AMD businesses continue to see strong demand as mature parts of the portfolio continue to maintain/build upon wallet share in key accounts
- Expect run-rate to pick-up in H2 as capacity expansion projects start to go live
- Margins remained under pressure because of high RM and freight costs

EBITDA margins (%)

Outlook – 2nd quarter results expected to be marginally muted compared to Q1

- Export and domestic market prospects indicate divergent outlook
 - Consumer demand in US showing initial signs of slowing down in response to interest rate hikes. Also, the US brands and retailers have started inventory correction and postponement of buying; though we have not seen cancellations
 - EU/UK remains flat, though UK opportunity might activate in Q3 if an FTA goes thru
 - In contrast, domestic retail demand has been strong through the ongoing EOSS season, especially in the mid to mid-premium segments; temporary buying deferment in Trade channel in anticipation of lower prices
- Commodity prices, including Cotton are softening – this should translate into some softening of retail prices, and help support demand
- International freight container prices have become softer, and availability is improving
- Overall expect Q2 to be marginally muted compared to Q1; rest of the year will depend on how the demand is impacted given recessionary situation in global markets and commodity prices
